D.O. No. 9-17/2007-CN / 306
19th November, 2008

Dear *Shri Behura*

This is with reference to TRAI's recommendations on "Issues related to Internet Telephony" forwarded to Department of Telecom on 18.08.2008. Though limited Internet Telephony services are being offered by service providers for some time now in the country, the penetration and growth of this service has been below expectations. In order to facilitate desired growth, this sector needs favourable licensing & regulatory regime.

2. Our recommendations have suggested various measures in this regard for full internet telephony. Therefore it is desired that early decision on the recommendations are taken which would help in the growth of unrestricted telephony service in the country.

with best wishes

Yours sincerely,
