Dear wasi ahmed ji (chairperson T.R.A.I),

I vineet kumar prop.Shivam Cable Network really appreciate the efforts taken by you & your team to streamline the distribution of channels from the broadcaster to the ground, we all the small cableoperator support this it will help to save our business from the broadcasters who themselves are distributors.

Further i would like to suggest you that all the ala-carte rates of channes should be made public for viewers and also last mile owner (cable opeartors) should know about the rates of channels. we hope a govt. regulator is appointed soon to moniter the distribution of channels.

With regards,
Vineet Kumar
