Respected sir,

We are a Consumer Organisation working in the State of Jharkhand.

The counter comments on the said regulation against TSP comments is as follows.

Regarding -TSP said no requirement for changes in STV exclusively voice and sms pack.

As a consumer organisation we have interacted with a large number of rural telecom consumers. We observe that rural old consumers do not require internet data. They are willing to use the phone only to call .Therefore they require various options of voice and sms packs and they should be at a low rate.

Thanks and Regards

Sahdeo Mahto,

Secretary

Prerna Rural Development Society

Hazaribagh, Jharkhand.
