Subject : Request review of Off-net mobile voice call charges.

Respected Sir,

With due regards, we express our concerns as representatives of a society, on behalf of our respected member on the subject matter.

We would request you to keep in mind that any decision on extending the existing inter-operator mobile usage will adversely affect our interests as the incremental costs finally fall free on us customers.

The good moves made by TRAI in the past two decades have helped a great deal to the end customers in terms of consistent reduction in the voice and data costs and hope that we shall continue to be benefited by TRAI in future.

Look forward to a fair decision on the same.

Thanking You

Yours truly
