

Workshop on “Next Generation Network”

(29 - 30th November 2012)

**Venue: BSNL Conference hall, 9th Floor,
BSNL Sanchar Bhawan, Janpath, New Delhi – 110001**

The Telecom Regulatory Authority of India (TRAI) is in the process of preparing a consultation paper on ‘Migration to NGN’ to engage the stakeholders in an exhaustive consultation process on all relevant issues. In this regard, TRAI is organising a Workshop on ‘Next Generation Networks (NGNs)’ from 29th to 30th November 2012 at New Delhi. The Workshop would explore technical, regulatory and policy issues governing migration from legacy to the Next Generation Networks (NGN).

The presentations/discussions by the international/national experts, would focus on the issues such as status of NGN in India, migration path towards NGN, interconnection, Quality of service, Licensing and related international practices on the subject. Workshop would also offer an opportunity to interact with international experts for sharing the information on all issues related to migration to NGN.
